
St. Winifred Parish

“I give A. Martini & Co. an “A+” for an excellent job. They were great to work with and were very cooperative. Their workmanship was well done.”

Father Jeremiah T. O’Shea, Pastor, St. Winifred Parish

Owner

St. Winifred Parish

Architect of Record

Ruprecht Schroeder Hoffman Architects

Details

In just 7 weeks, A. Martini & Co. renovated this \$575,000, 10,990 square foot church. The schedule required downtime due to previously scheduled church activities (weddings, services, etc.). The project also included installing new flooring, painting the church’s 25-foot ceiling, and dealing with asbestos abatement issues. In order to reconfigure the sanctuary, A. Martini & Co. rebuilt part of the marble altar. This project also included installation of new lighting, sound system, and electrical service.

“I was impressed by the high level of craftsmanship of their construction team and their attention to the details of this project.”
